First, teaching is learning. To make my lectures more interesting, I have to read more books, explore new knowledge and gain a better understanding of the worldthe very thing I like to do in my life. Second, teaching means freedom. As a teacher, I can freely express my opinions and explain them in my own way since nobody will interfere with me. Finally, I like teaching because it offers a certain peace of mind. No more rushing to catching a morning bus,

no more anxiety to please a boss, and no more worries about being laid off because you are getting old. 文中有4个词的短句 First, teaching is learning. 也有27个词的长句 To make my lectures more interesting, I have to read more books, explore new knowledge and gain a better understanding of the world the very thing I like to do in my life. 有简单句, 也有复杂句 As a teacher, I can freely express my opinions and explain them in my own way since nobody will interfere with me ; 还有同位语句, 断裂句, 排比句, 比较句等, 因而文章读起来节奏感强。所谓句子变化, 主要是指句子的开头要有变化, 句子的结构要有变化, 句子的长度要有变化。不要连续使用几个简单句(如例9中的a)), 要学会使用复杂句(如例9中的b))。例2a) Teenagers are pressured by school work.
