: [www.examda.com](http://www.examda.com) - Welcome to our programme. Today we have invited Fred Wocson, a driving instructor of over 20 years experience to talk to us about learning to drive. Well Fred, do you think it's getting expensive to learn to drive these days? -Well, it depends. If you come for a private instructor like me, it's going to be a bit less expensive than going to a big school. The thing is, people have usually heard of the big school and trust them. Well I get customers through personal connections. -Does that mean you have to try hard to get customers? -Not now, when I started I have to. But at the moment I am fully booked and my prices are quite competitive. -Learning to drive is usually a nervous experience for beginners. What do you think? -Well, it can be. But I try to get them to sit quietly in the driver's seat for a few moments. With their eyes closed, you will be surprised how it changed some people. They feel much more ready for drive if they had a few quiet moments. -Yes, I suppose some people are much more nervous than others. 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
