；nbsp； keep a vocabulary notebook . when you learn a new word , add it to your notebook . write down a sentence that will help you remember how to use the word . use a learner ' s dictionary . there are several excellent dictionaries for learners of english . these provide simple definitions (定义) and sample sentences to help you learn new words . choose words that are important to you . when you study topics and words that you are interested in , you remember the better . group words by topic to remember them . it ' s easier to study new words when you organize them into groups like foods or action verbs . make flashcards to study your new words . put one english word on each card , and then put either the translation or the english definition on the back . after you study the words , review them quickly to see how many words you remember . use new words as many times as possible in your daily life . the best way to learn and remember new words is to use them when you speak or write . try using at least one new english word every day . learn synonyms (同义词) for new words . a synonym is a word that means the same thing as another word . you can expand your vocabulary by learning synonyms for your new english words . for example , small is a synonym for little . learn antonyms (反义词) for new words . an antonym is a word that means the opposite of another word .

learning an antonym for each new word can help you increase your vocabulary . for example , bad is an antonym for good . study word roots . many english words have latin roots . when you learn one root , you can often learn many new words . for example , the latin root port means to carry , and this root is found in many english words like the following : export , import , support , and transport . learn prefixes (前綴) . prefixes are small groups of letters that you put in front of words to give them different meanings . for example , you can put in- , un- , or non-in front of many adjectives (形容词) to give them a negative or opposite meaning . the word flexible describes a person or thing that can change or be changed easily . inflexible means just the opposite . learn how to pronounce each new word . an important part of using new english words effectively is learning how to pronounce them . as you know , many english words don ' t sound the way you think they will ! nbsp ; 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 www.100test.com
