Thats how we learn and grow as humans. The best way to learn how to do something right is to make mistakes while you try for yourself. Still , its important to apologize when you are wrong , to admit your mistake so you can move on with your life.

Every time his brothers friend comes to their house she always flirts with him and it makes me mad because he flirts back. I dont know if he does it intentionally but it hurts me. WE are suppose to be getting married but its seems to me that he dont pay any attention to me anymore everytime a nother girl comes around im put out of the picture. I just wanted to say i was soory for being jeolous but i kind of think i have a good reason to be. I dont want to ruin this relationship. [5]心存幻想的道歉

I love you sw and I am sorry pw I was childish about wanting my  
stuff back when all I want is you back. I know I will Never have you  
again. I know that you love me , but Im sure its another human  
being love not a being in love. I know that even though I still love  
you , you no longer love me and I am sorry for all the things I did  
to make you stop loving me , you were wonderful and every day I  
wake up crying , I sleep to try to drown the pain and hurt that I feel.  
i try to forgive. I cant ever have you again and that stinks because I  
love you more than I love anything. Well I dont know if youll ever  
read this but good luck. I love you. Sophia Sebastian ( not my
