VICTOR HU 现在我们再来谈一谈新托福的最后一部分内容----阅读。

所幸的是，阅读是新托福中变化最小的一部分。

我们过去培训阅读的材料和方法仍然有效。主要变化是增加了二种新题型。

#61548. iBT 阅读中的新题型：1. 句子解释题

：选择某个选项来正确表达文章某句话（通常是一个较长的复杂句）的主要意思。例如： Passage: Were Earth to be

juxtaposed with the Great Red Spot, our planet would be dwarfed in comparison, with a diameter less than half that of the Great Red Spot

。 。 。 。 。 Question: Which of the sentences below best

expresses the essential information in the highlighted sentence in the passage? Incorrect choices change the meaning in important ways or leave out essential information.

The density of the Great Red Spot is much higher than that of the Earth. If the diameter of the Great Red Spot were doubled, it would equal that of the Earth. By

placing the Earth next to the Great Red Spot, one could see that the Earth has a much smaller diameter. Because the Earth is close to the Great Red Spot, Earth is influenced by its huge size.

通过分析理解，第三项正确地表达了那句话的意思。

2. 多项选择题：要求对文章中的信息分类，填表或完成一个总结。而且这种题目的分值通常是二到四分，所以相当重要。限于篇幅我们略去文章，只展示问题，给大家一个直观的感觉例1：

Directions: Select the appropriate phrases from the answer choices

and match them to the type of organism to which they relate. Two of the answer choices will NOT be used. This is worth 4 points. Drag your answer choices to the spaces where they belong. To remove an answer choice, click on it. To review the passage, click on View Text.
