Discuss the advantages and disadvantages of this new influence on your community. Do you support or oppose the factory? Explain your position. New factories often bring many good things to a community, such as jobs and increased prosperity. However, in my opinion, the benefits of having a factory are outweighed by the risks. That is why I oppose the plan to build a factory near my community. I believe that this city would be harmed by a large factory. In particular, a factory would destroy the quality of the air and water in town. Factories bring smog and pollution. In the long run, the environment will be hurt and peoples health will be affected. Having a factory is not worth that rise. Of course, more jobs will be created by the factory. Our population will grow. To accommodate more workers, more homes and stores will be needed. Do we really want this much growth, so fast? If our town is going in growth, I would prefer slow growth with good planning. I dont want to see rows of cheaply constructed townhouses. Our quality of life must be considered. I believe that this growth will change our city too much. I love my hometown because it is a safe, small town. It is also easy to travel here. If we must expand to hold new citizens, the small-town feel will be gone. I mould miss that greatly. A factory would be helpful in some ways. However, I feel that the dangers are

greater than the benefits. I cannot support a plan to build a factory here, and hope that others feel the same way. 100Test 下载频道开通, 各类考试题目直接下载。详细请访问 www.100test.com
