Topic47：你喜欢为大公司工作还是愿意在小公司工作？  
Topic47 Some people prefer to work for a large company. Others prefer to work for a small company. Which would you prefer? Use specific reasons and details to support your choice.

[ 托福参看范文之一 ] Topic: 47No doubt, I choose to work for a small company because there are too many benefits that outnumber its disadvantages not to choose. But working for a large company has advantages no more than its disadvantages. The most important benefit of working for a small company is that I will have many chances to develop. In general, a small company is a developing enterprise and it is not easy to absorb many excellent employees. If I enter this small company, I think that the boss will appreciate me and give me many opportunities to reveal my abilities. Only I let the job do well, I am sure that I will rise very rapidly. On contrary to this, a large company is already a high developed institutions. There are many prominent talent working for it. A good position will absorb hundreds of opponents. It will take me a lot of time and vigor to get this position. Maybe I have no chance to win this competition at all. Another benefit of working for a small company, which working for a large company almost cannot achieve, is that I can learn more skills in a small company than in a large company. As shown above, a small company is a developing enterprise. This means that it have no a

great deal of money to employ many persons . So, I can do all kinds of jobs at the same time. I think that this will be useful to compete in the society. But in a large company, maybe I only engage a monotonous job over a long period of time . I believe that this will be helpless to improve my capacity. Of course, choosing to work for a large company also has advantages to some extent. For example, it will afford handsome salary and will be not easy to fail in business competition. But from my own development, I still want to work in a small company. In addition, I believe that every large company originates from a small company. Maybe I will become an important person when the small company in which I work become a large company. [ 托福参看范文之二 ] I would prefer to work in a large company rather than a small one. A large company has more to offer in terms of advancement, training, and prestige. In a large company, I can start at an entry-level position and work myself up to the top. I could start in the mailroom and, once I know the company, can apply for a managerial position. In a small company, there is not as much room to grow. In a large company, there are a variety of jobs. I could work in sales, in marketing, in distribution, in shipping, or in any department I applied for. I could be trained in a variety of positions and would have valuable experience. In a small company, there would not be the same opportunity. In a large company, there would be more prestige. I could brag to my friends that I worked for one of the biggest companies in the world. I would always have something to talk about when I met strangers. If I worked for a small company, I would always have to explain what the company

did. Working for a small company would -not give me the same opportunities for advancement or onthe-job training as working for a larger company would. Nor would I be as proud to work for a small company-unless the small company was my own. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
