] Topic: 156 Many people cannot afford to visit a foreign country, because either they have no time or they have no money.

Fortunately, I have the opportunity pay a visit a foreign country as I would like. The first choice comes into my mind is Italy.As we know, there are so many classical architectures in Italy. I am an amateur architect. But I could only study those great works in the book or on the internet. Now that I have the opportunity to go there, I could observe them in a direct way. I think that will be totally a different expience.Also a football fan as I am, I am eager to watch the best football match on the spot. I am looking forward to applause for the stars together with other fans. If possible, I will be lucky enough to get the signature of my favorite stars.Tired after sightseeing and shouting at the stadium, I would like to lie on the beach of mediterranean sea. It is the most beautiful sea shore in the world. Playing sand with children, drinking juice on the beach, and surfing

on the waves are all my dream. There are so many countries in the world, but Italy is my favorite. I could visit the great architectures, watch football matches, and enjoy the scene of mediterranean sea. Maybe two weeks time is too short for me. Topic: 156 If I could visit any foreign country, I'd like to visit Ireland. The scenery there is so beautiful. Ireland has a lot of rain and that makes everything very green and lush. It hasn't become a completely industrialized country yet, so there are still areas where the countryside is unspoiled by pollution. Often, you can drive for miles without seeing another car or coming to a big city. I'd like to take my set of paints and several canvases and try to capture some of the scenes there. It seems every way you turn, you're looking at beautiful scenery. The area near the ocean is especially dramatic, with giant dark cliffs rising out of the water. I also think I'd enjoy the slower pace of Ireland. It's so different from the busy pace of my country. Of course, Ireland's big cities are just as hectic as any big city anywhere. But many of the Irish live in smaller towns or on farms in rural areas. Visiting these places is very restful. People don't feel the need to stick to a schedule. Things get done, but in a much more relaxed fashion. In my country, there's the feeling that you're always late for something. In Ireland, it feels like you're never late because no one stays on schedule. Most of all, it would be interesting for me to meet the cousins in my mother's family. They live in Donegal. I could see the house where my grandmother grew up and where my cousins still live. This house is connected to a lighthouse. Visiting there would give me a clearer idea of what my grandmother's childhood was like. Ireland would be a

refreshing break from the life I lead in my own country. I wish I could go there. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
