147A gift of money is generous and welcomed at our school. There are many things that my school could use. To decide, one must consider the amount of the gift and understand that it is a one-time thing. Keeping this in mind, I think that my school could most benefit from new classroom fixtures. If you looked at our school, you would agree that nearly all of the classrooms could use new desks, chairs, chalkboards, bookshelves and cabinets. Our school is old and the people who live here aren't very wealthy. New equipment would provide students with the tools that they need to learn. It is hard to write papers if there aren't enough desks and chairs. It is hard to learn when the blackboards are so old that they can't be erased properly. It is also difficult to organize school supplies without proper bookshelves and cabinets. Another plus that new equipment would provide is that it would make the school more attractive to the community. It is hard for a community to be proud of a school that is falling apart. If the community felt that our school was important,

perhaps others would give more money in the future. That would allow us to further improve our school. In addition, maybe community members would feel encouraged to come and help out in the school. That would make it even better. Students would be happier with new equipment. It would make them want to come to school and learn. There would be fewer dropouts. By continuing in their education, these students will be able to better contribute to our community in the future-perhaps even becoming future schoolteachers. While there are many things that can be purchased with a gift of money at our school, I believe that new equipment is the best choice. New equipment would improve the learning environment, the community's attitude, and the students' feelings about their school.
