As to the opportunity, there is two different opinions: first, someone think the opportunity is little in their life. Secondly, someone consider that opportunity is existing everywhere everybody has some kinds of chance. According to my life experiment and knowledge I agree with the second idea. There is chance for everyone in some unexpected case. But if you has no preparing for it, the opportunity will lose. Those who have many preparation and much knowledge, and some good virtue, may I quip the opportunity firmly. For example, two man are appealing for a job in a company, and there is only one vacant job for the only one of the two man.

How , the two man has an opportunity to get the job but the boss certainly would accept the good one. So I think the opportunity is existing to every one , but more opportunity is belongs to who has knowledge , experience , encourage and confident. 该篇文章条理不清 , 思想紊乱 , 语言支离破碎 , 几乎没有正确的句子 , 得2分。 Sample 2 Some one thinks that the opportunity is very few for him because he has never meet the chance. But other one thinks there are chances here and there , then everyone can meet opportunity. I resist the second opinion. There to are some opportunities , the important thing is that if we could catch the chance when we meet it. In our lives we have a lot of choice that need us take our heart to. For example , when I was a little boy , my health was very bad. One day a teacher advise me to join the basketball with my friends. My health become well. So I think there are opportunities for everyone. 该篇文章基本切题 , 但思想表达不清楚 , 有很多严重的语言错误 , 属于5分档。 Sample 3 Some people think that they lack of opportunities , while others think that everyone will face to some ones. I agree to the latter. In fact , we are living on the same world. Most of us must deal with a lot of things every day. Some peoples circumstances are even the same , so do the opportunities. However , why someone can grasp it but others cannot ? All this depends on the careful observation and grasping the opportunity in time. For instance , we students in our college , whose circumstance are the same. We all should study a lot of courses before we graduate. But some of us study hard in order to learn more and well , while some dont. In the end , the

hard-working students get the better jobs. At that time , there are some students who have been playing all the time will say that they lack of opportunities. As we know that the hard-working students make the best use of their time and they observe everything around them carefully , so that they can grasp the opportunities in time. In a word , the opportunity is equal to everyday , and whether we can grasp it or not is critical. 该篇文章基本切题 , 有些地方表达不清 , 文字勉强连贯 , 但语言错误较多 , 其中有一些为严重错误。属于11分档。

Sample 4 People have different views on opportunity. Some think that there are few opportunities for them in the world , while others hold that everybody will have some kind of chances in his or her life. As far as I am concerned , I am for the latter. People who claim that they dont have good luck may be those who are not able to take chances. Maybe they fail to recognize opportunities even when they are in front of them. However , wise man wise men can seek opportunities rather than wait for chances to appear. For example , almost everybody had watched apples falling from apple trees , but only Newton discovered the Law of Gravity. In fact , no one can be denied of the access to opportunity. People may have good luck sometimes , but no one can be lucky all the time. As a saying goes , every dog has its day. So everybody can have a chance to succeed. So we can conclude that everybody has the opportunity to succeed , but it is up to himself to take it. 该篇文章切题 , 思想表达清楚 , 文章结构条理 , 行文连贯 , 符合逻辑 , 属于14分档作文。

4. 行文要求1) 切题 : 统一 , 无不相关细节内容 ; Beethovens demand for perfection meant long and hard

work. Unlike Mozart , he couldnt dash off three great symphonies in six weeks. It doesnt mean he was not as talented as Mozart. Beethovens music was different from Mozarts Sometime he worked years on a single symphony , writing other works at the same time. He carried music sketchbooks everywhere , jotting down new ideas , revising and refining old ones. These early notes often seem crude and uninspired when compared with their final versions , which were hammered out through great labor. Beethoven was often in poverty , though he produced great music. 本段文字中红体部分显然与主题Beethovens demand for perfection meant long and hard work.无关 , 应该去掉。 2 ) 条理清楚 : 连贯、和谐 - 注意衔接语的使用 In their hurry to get practical preparations for a career , students often overlook the liberal arts college. Yet , there are good reasons why they should consider a liberal arts school , even if getting a job is their main concern. For one thing learning itself may be more exciting in a liberal arts college for the its course is more flexible than that of a technical school. Thus students may do better in their course and earn higher grades , which will certainly make them more attractive to employers. More important , a liberal arts education is the most likely to develop ones ability to think , to read , and write , which business and industry are coming to value more and more. Finally , students should realize that a liberal arts education has always been a preferred path for top professions : law , medicine , government , and education. 3 ) 简洁 : 句子要简练 ; 4 ) 准确 : 减少语法错误 , 符合英语的表达习惯 , 避免汉语式英语 ; 5. 卷面 : 整洁 100Test 下载频道开通 , 各类考试
