We exhaust our patience to look for items related to our major on shelves crammed with outdated shabby books. Most of them should be weeded. The newly published counterparts need to be purchased, displayed and circulated. The library armed with these fresh books enables us to track the newest information concerning scientific discoveries and scholarly accomplishment. We all suffer the dim light and the absence of air conditioner in the reading room. This intolerably terrible scenario pressingly needs improving. The newly introduced library system is to be 0updated, for its search engine skips some valuable materials. We are waiting for your response to these problems. 来源：www.examda.com Li Ming 100Test 下载频道开通，各类考试题目直接下载。详细请访问
