An Eye-Witness Account of a Traffic Accident
范文：My name is Liming. I am studying at college. A week ago I saw a traffic accident, which is still vivid in my mind. It was at about 9:00 on Saturday morning, June 15th, when I went out of the university to visit a friend of mine at another university. I was walking leisurely on the sidewalk when I heard a loud crash of two vehicles just at the T-junction about 10 meters away. Two taxis crashed together. It was a traffic accident. I went up and found that the two taxis were badly damaged. Both hoods were out of shape. One door of a car was knocked off and lying on the road. One driver was bleeding and another was shut in the taxi. Some people were trying to help the driver get out of the damaged car. One man was calling to the traffic policeman station. A lot of cars were jammed on the road. From the stopping track on the road, it is clear that the two taxis were driving too fast. But it is just one of the reasons. In my opinion, the taxi drivers are eager to take more passengers and make a little more money. On the other hand, both drivers don't show concern for one another. Both of them wanted to run in front of another. Therefore, the accident is inevitable. So far, we should let the drivers keep it in their mind that a little slower, a little safer.

Taking care of others lives means taking care of your own life.
