You should write at least 120 words according to the outline given below in Chinese: 1.当前社会上存在着许多不诚实的现象 2.诚实利人利己，做人应该诚实 范文：From the mass media and also with our own eyes, we know much dishonest behaviour existed in our society. For example, businessmen sell fake products to cheat their customers. students copy other ones homework or download illicit paper from Internet to cheat their teachers. and even worse, there are medical person produce fake medicine harming the patients. Seeing our society is filled with so many dishonest phenomena, I cant help asking myself whats wrong with us? When we were very young we were taught the importance of being honest. I am sure everyone must still remember that story “ wolf is coming ” . In the story the child kept cheating other people that wolf was coming, but when the wolf really came, nobody trusted his words and he finally suffered his own dishonesty. Also we have heard many stories that people benefit from their virtues of honesty. So since we have already known being honest benefit both ourselves and other people, why many of us are still dishonest? I hope everyone to bear in mind that being honest is the basic quality of human being and then we wont be afraid of any "wolf". 100Test 下载频道开通，各类考试题目直接下载。详细请访问
