Reading Selectively Or Extensively ? How should we read ? Should we read 0selectively or extensively ? Everyone has his own view. Some people think we should read 0selectively. They argue that with the development of modern science and technology , more and more books are being published every day. It is impossible for us to read all the books. Whats more , there are many bad books that are poisonous to our mind , and we shouldnt read them. Since we cant read all the books , and we shouldnt read bad books , we must read 0selectively. But others may not agree. They emphasize that todays society is not what is used to be. If you want to be successful , you must read widely and acquire knowledge in both natural sciences and humanities , if a man knows much in one field but little in others , he may not be of great use to the society. Since we must have a wide range of knowledge , we must read extensively. Whos right ? There is a lot to be said for both sides of the argument. However , I think we should read extensively first and then dig into the subject we are interested in. (十) 1.表示欢迎 2.提出对度假安排的建议 3.提醒应注意的事项

A letter to a Schoolmate June 23 , 2001 Dear Xiao Wang , I am delighted to know that you will be able to visit me for a week during the National Day holiday. I am looking forward to your visit and to the opportunity to catch up.

Welcome to my 20 home in Nanjing ! As you know , Nanjing has many places of interest to see , to discover , and to enjoy. Among its historical sites are stone city wall , the Confucius Temple with its magnificent night view , and Dr. Sun Yetsens Mausoleum. With all its universities , Nanjing is a cultural center , offering an abundance of artistic and musical performances. Its also a city of beautiful gardens and parks , such as the Xuanwu Lake Park. With all these features , we will have a fun-filled week , especially that in early-October , there are many sunny and mild days for outdoor activities. So , I would suggest visiting these places first , and deciding on the others as our week develops. Finally , since at this time of the year the weather gets a little chilly in the evening , I would suggest that you bring some warm clothing with you. Also , as there will be crowds of people at the stations and on the trains , you need to be very careful with you r belongings ! Best wishes for a pleasant journey ! Yours , Zhang Ying 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
