allowed thirty minutes to write a composition on the topic: My View on Job Hopping. You should write at least 120 words and you should

base your composition on the outline (given in Chinese) below: 1.有

些人喜欢始终从事一种工作，因为..... 2.有些人喜欢经常更

换工作，因为..... 3.我的看法 范文： Different people have

different views on job-hopping. Some people would like to always engage in one work because they think that if one sticks to one work, he will be quite familiar and skillful with the work. However, others

would like to change jobs constantly because they consider it fashionable to do so and besides they think they can get different work experiences. As to me, I am in favor of the former group of people's attitude. I think that if one always works in one field, he can accumulate a lot of experience in that field which in turn will further improve his work. Therefore he will become an expert in that field. However, if one hops from one job to another, he can never amass experience in one field. Although he can get different work experiences, he can't make use of these experiences in one particular work. Therefore, he will always be a jack-of-all-trades. In conclusion, if one wants to be an expert in one field, he should not hop from one job to another. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
