You should write at least 120 words, and base you composition on the outline (given in Chinese) below: 1. 有人认为读书要有选择 2. 有人认为应当博览群书 3. 我的看法 Reading Selectively Or Extensively? 范文：Some people think when we read we should read 0selectively. That is to say, we should 0select some books we are interested in and ignore the others. Reading 0selectively can help us concentrate our limited time and attention on those 0selected books. Others think we should read extensively. No matter what kind of book it is, we should look it over. We should read various kinds of books, whether we are interested in them or not. They maintain that reading extensively can help to enlarge our view and grasp the general knowledge in different fields. In my opinion, the two reading ways have their roles respectively in our reading. However, the disadvantages of each methods are easy to see. If we only read the books we 0select or prefer, the framework of our knowledge may not be complete. Our knowledge would be rather limited. And if we read without 0selection, we may not have so much time and energy to be specialized in one particular field. Therefore, the combination of the two methods is more reasonable. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
