Directions: For this part, you are allowed 30 minutes to write a composition on the topic: What does friendship mean? You should write at least 120 words and you should base your composition on the outline (given in Chinese) below: 1 . 友谊是人生永恒的主题 2 . 友谊到底意味着什么 3 . 友谊的重要性。 What does

friendship mean? 范文： There is no definite answer. An eternal theme in literature, friendship is also indispensable in daily life.

Friendship is to our life what salt is to dishes. When you are happy, friendship is just like adding flowers on the brocade. when you are sad, friendship is a dose of consolation. if you are in trouble, friends will surround you and remove the barriers for you. if you have a hard nut to crack, you can turn to friends for help. We admire the great friendship between Marx and Engel, which firmly combined them and pushed them forward on the road to exploring and fulfilling Communism. Friendship isn ' t almighty, but no one can live happily without it.

作文二十二： On Overseas Study 1 . 有人认为出国留学是个人发展的最佳选择 2 . 也有人坚持在国内也能

实现自己的理想 3 . 我的看法 范文： With the deepening of reform and opening up of our country, many people dream of going abroad for further study. They insist that the modern research facilities, world famous professors and excellent environment in those foreign colleges and universities can help lay a perfect

foundation for their future development. However, there are still many people who favor studying at home. They argue that studying abroad is too expensive and therefore doesn't pay. They also point out that there are no language and cultural barriers if they study in our country. Just as the old saying goes, "Every advantage has its disadvantage." Both opinions are acceptable in some sense. If students have the chance and financial resources, they should seize the opportunity to go abroad and broaden their eyes. On the other hand, if conditions don't permit, they can pursue their studies in top universities at home. What counts is not the place where they study, but what they can learn.

作文二十三：Private Tutoring

1. 为孩子聘请家教目前非常普遍
2. 家教的利与弊
3. 我的看法

范文：Private tutoring is "in". A recent investigation shows that about 80 percent of pupils have private tutors, such a popular practice indicates that people are attaching greater importance to education. Many parents, for various reasons, missed the chance of obtaining a good education. When their children meet with difficulties in study, they are helpless. Private tutoring is the only solution. As private tutoring is usually one-to-one, the teacher knows the strong points as well as the weak points of the pupil, clearly. However, private tutoring has its own disadvantages, for one thing, it takes up so much of the pupils' time that they can hardly find enough time for rest and entertainment, which are essential for their physical and mental health. For another, some teachers, busy "shuttling" from one family to another, tend to neglect their regular teaching duties. What's more, some teachers

are eager to help pupils do well in the test, offering the so-called tips for test-taking rather than help them acquire what is more meaningful. Generally speaking, its disadvantages outweigh its advantages. Greater emphasis should be laid on classroom teaching and practice, on the improvement of teaching quality and on the tapping of the pupils' potentials. Only in this way can we generation be healthily brought up.
