Some of our employees have already left to work for Sparks. In order to keep our best staff, we must pay them salaries equal to those Sparks pays its employees. Otherwise we will continue to lose employees in the future, because Sparks must staff the additional new plants that it plans to build in the state." 来源：考试大

2. The following is a memo from the superintendent of the Mylar school district. "A recent six-month study, in which breakfast was made available at school for 100 schoolchildren ages five to twelve, found that children on the breakfast plan were less likely than other children to be absent from or late for school. Clearly, eating breakfast before school plays a role in reducing student absenteeism and tardiness. It is also well known that children who regularly eat a healthful breakfast tend to perform better in school. Therefore, in order to reduce absenteeism and tardiness and to improve academic performance in all of Mylar's elementary and secondary schools, we should provide breakfasts for all students before each school day." 来源：考试大

4. The following appeared in a report of the Committee on Faculty Promotions and Salaries at Elm City University. 来源：考试大

"During her seventeen years as a professor of botany, Professor Thomas has proved herself to be well worth her annual salary of \$50,000. Her classes are among the largest at the university, demonstrating her popularity among students. Moreover, the money she has brought to the university in research grants has exceeded her salary in each of the last two years. Therefore, in consideration of Professor Thomas demonstrated teaching and research abilities, we recommend that she receive a \$10,000 raise and a promotion to Department Chairperson. without such a raise and promotion, we fear that Professor Thomas will leave Elm City University for another college."
