They were laughing and talking after a whole day in the school. Suddenly, Xiao Ming saw a bird in a tree. No sooner had Xiao Lan stopped him than Xiao Ming picked up a stone and threw it at the bird. The bird was badly hurt and fell off the tree. Xiao Lan felt so sorry that tears rolled down her cheeks and said, "I won't be your good friend any more if you hurt a bird again." Just then an old man came up to them and told Xiao Ming not to kill birds again. The old man then went on saying, "Your young Pioneers should protect animals and the environment. Birds are friends of mankind." Xiao Ming felt ashamed and nodded his head. He said to the old man that he would never forget what he had told him. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
