Time--25 minutes  
The Structure and Written expression section is designed to measure your ability to recognize language that is

appropriate for standard written English. There are two types of questions in this section, with special directions for each

type.  
Structure  
Directions: Questions 1-15 are incomplete sentences.

Beneath each sentence you will see four words or phrases, marked

(A), (B), (C), and (D). Choose the one word or phrase that best

completes the sentence. Then, on your answer sheet, find the

number of the question and fill in the space that corresponds to the

letter of the answer you have chosen. Fill in the space so that the letter

inside the oval cannot be seen.  
Look at the following

examples:  
Example I  
For many centuries---the principal raw material

Sample answer for making ropes and sails. (A) then was hemp (B) the

time hemp was (C) hemp was (D) hemp  
The sentence should read,

"For many centuries hemp was the principal raw material for making

ropes and sails." Therefore, you should choose (C).  
Example II  
The

sea anemone, a marine animal related to the jelly fish, Sample

answer looks like a plant----like other animal species. (A) so (B) rather

than (C) instead (D) rather not  
The sentence should read, "The sea

anemone, a marine animal related to the jelly fish, looks like a plant

rather than like other animal species." Therefore, you should choose

(D).  
Now begin work on the questions.  
1. Most substances expand

when they evaporate so that the density of a substance's gas is---of its liquid.(A) than the lower density(B) lower than that(C) the density is lower than that(D) the lower the density

2. The process by which nerve cells send signals is --- clearly understood.(A) none(B) no(C) not(D) nothing

3. Arctic animals--- a means of controlling body temperature in such a cold, barren climate if they are to survive.(A) need(B) needing(C) to need(D) was needed
