答案 第6部分：完形填空（第51~65题，每题1分，共15分）

来源：考试大 阅读下面的短文，文中有15处空白，每处空白给出了4个选项同，请根据短文的内容从4个选项中选择1个最佳

答案，涂在答题卡相应的位置上

Cost as a Factor in Supply

In a purely competitive market, the supplier of goods and services has no control over the market price, because he produces too little to influence market conditions. With no difference between his products and the products _____ (51) his competitors, he will sell nothing if he charges above the market price and he will sell all if he charges at or _____ (52) the market price. However, in considering the price, he must take the _____ (53) of production into consideration. There are times when he may be willing to sell below his cost. This might happen when prices tumble for _____ (54) he believes will be a short time. However, no business person can _____ (55) to lose money for a prolonged period. He must be constantly _____ (56) of his costs in relation to the market price if he is to compete successfully and earn a profit. Many people have the impression that as production increases, costs per unit decrease. _____ (57) mass production has made this true in certain industries and at certain levels of production, _____ (58) logic and practical experiences have shown that costs per unit begin to rise beyond a

certain level of production. Some economists_____ (59) to this principle as the law of increasing costs. The reason costs rise as production goes up is _____ (60) 。 However , it is easy to recognize that as production goes up , the need for additional factors of production will also grow , _____ (61) competitive bidding in the marketplace for the factors of production. If a producer needs_____ (62) skilled labor to produce more , and none of this labor is unemployed , the producer will have to get _____ (63) from other sources. This can be done by _____ (64) higher wages. Higher bidding would also apply to the other factors of production. We must also recognize that not all labor is equally productive , _____ (65) not all land is equally fertile and not all ore (矿石) is equally rich in the mineral wanted. 51 A to B at C of D on 52 A below B beneath C over D above 53 A price B cost C worth D profit 54 A that B why C what D if 55 A afford B pretend C offer D try 56 A sure B afraid C aware D suspicious 57 A Because B Since C When D While 58 A both B neither C none D any 59 A resort B refer C turn D attend 60 A clear B simple C difficult D complex 61 A bringing B resulting in C including D carrying out 62 A less B numerous C more D many 63 A them B these C it D those 64 A offering B cutting C reducing D having 65 A as if B just as C because D while 答案 : 51C 52A 53B 54C 55A 56C 57D 58A 59B 60D 61B 62C 63C 64A 65B 100Test 下载频道开通 , 各类考试题目直接下载。 详细请访问 www.100test.com
