Most Adults in U . S . Have Low Risk of Heart Disease

More than 80 percent of US adults have a less than 10-percent risk of developing heart disease in the next 10 years , according to a report in the Journal of the American College of Cardiology . Just 3 percent have a risk that exceeds 20 percent . “ I hope that these numbers will give physicians , researchers , health policy analysts , and others a better idea of how coronary heart disease is distributed in the US population . ” lead author Dr . Earl S . Ford , from the Centers for Disease Control and Prevention ‘ in Atlanta, said in a statement . The findings are based on analysis of data from 13 , 769 subjects , between 20 and 79 years of age, who participated in the 1971-75 National Health and Nutrition Examination Survey from 1988 to 1994 . Overall , 82 percent of adults had a risk of less than 10 percent, 15 percent had a risk that fell between 10 to 20 percent . and 3 percent had a risk above 20 percent . The proportion of subjects in the highest risk group increased with advancing age , and men were more likely than

women to be in this group . By contrast, race or ethnicity had little effect on risk distributions . Although the report suggests that most adults have a low 10—year risk of heart disease , a large proportion have a high or immediate risk , Dr . Daniel S . Berman , from Cedars-Sinai Medical Center in Los Angeles , and Dr . Nathan D . Wong , from the University of California at Irvine, note in a related editorial . Aggressive treatment measures and public health strategies are needed to shift the overall population risk downward , they add .

练习 : 1 . The 10-year risk of heart disease is low for most US adults . A Right B Wrong C Not mentioned2 . Only 3 percent of US adults have a more than 10 percent 10-year risk of heart disease . A Right B Wrong C Not mentioned3 . More than 100thousandpeopleparticipatedinthe survey . A Right B Wrong C Not mentioned4 . There was a greater proportion of men than women in the survey . A Right Wrong C Not mentioned5 . The distributions of the risk of heart disease are closely related to race . A Right B Wrong C Not mentioned6 . Elderly people have a higher risk of heart disease than younger people . A Right B Wrong C Not mentioned7 . The US government will take measures to reduce the overall population risk . A Right B Wrong C . Not mentioned

第三部分 : 概括大意与完成句子 (每题1分 , 共8分) 阅读下面这篇短文 , 短文后有2项测试任务 : (1) 1---4 题要求从所给的6个选项中为第2--5 段每段选择1个正确的小标题 ; (2) 第5--8题要求从所给的6个选项中选择4个正确的选项 , 分别完成每个句子。请将答案涂在答题卡相应的位置上。 Many Benefits from Cancer Organization1 . Do you know a child who

survived leukemia? Do you have a mother , sister or aunt whose breast cancer was found early thanks to a mammogram? Do you have a friend or coworker who quit smoking to reduce their risk of lung cancer? Each of these individuals benefited from the American Cancer Society ' s research program . 2 . Each day scientists supported by the American Cancer Society work to find breakthroughs that will take US one step closer to a cure . The American Cancer Society has long recognized that research holds the ultimate answers to the prevention , diagnosis and treatment of cancer.3 . As the largest source of nonprofit cancer research funds in the United States , the American Cancer Society devotes over\$100 million each year to research . Since 1946 , they ' ve invested more than\$2 . 4 billion . in research . The investment has paid rich dividends. In 1946 , only one in four cancer patients was alive five years after diagnosis ; today 60 percent live longer than five years . 4. Investigators and health professionals in universities , research institutes and hospitals throughout the country receive grants from the American Cancer Society . Of the more than 1,300 new applications received each year , only 11 percent can be funded. If the American Cancer Society had more money available for research funding , nearly 200 more applications considered outstanding could be funded each year?5 . You can help fund more of these applications by participating in the American Cancer Society Relay for Life , a team event to fight cancer . More funding means more cancer breakthroughs and more lives being saved . To learn more , call Donna Hood , chair with the Neosho Relay for Life of

the American Cancer Society at 4514880 . ' leukemia n . 白血病
breast n . 乳腺 . manunogram n . 乳腺X光照片 relay n . 接力
nonprofit adj . 非营利的、 dividend n . 回报 , 效益 coworker
n . 一起工作的人 , 同事 1 . Paragraph 2 ____ . 2 . Paragraph 3
____ . 3 . Paragraph 4 ____ . 4 . Paragraph 5 ____ . A What Could Be
Done with More Money B Establishment of the American Cancer
Society C Significance of Funded Research D Other Sources of
Funding for Cancer Research E Benefits Achieved Through
Investment F How You Can offer Help 5 . The American Cancer
Society ' s research program has benefited ____ . 6 . The survival
period for 60% of Cancer patients today is ____ . 7 . Many
outstanding applications are turned down each year for ____ . 8 .
More cancer breakthroughs can be made with ____ . A . Lack of
funding B . Many cancer patients C . More lives being saved D .
More than five years E . The ultimate answers F . More funding
