SECTION 1: LISTENING TEST (40 minutes) Part A: Spot

Dictation(20 points) Directions: In this part of the test, you will hear a passage and read the same passage with blanks in it. Fill in each of the blanks with the word or words you have heard on the tape. Write your answer in the corresponding space in your ANSWER

BOOKLET. Remember you will hear the passage only once. The development of the Space Shuttle has dramatically reduced the cost of sending loads into space. The Shuttle takes off from Earth_____ (1), and lands again like a huge aircraft. It can transport not only its own_____ (2), but also passengers, and has a huge _____ (3) which is capable of carrying large satellites or a space _____ (4) . Before the Space Shuttle was created, it was necessary to _____ (5) trips into space several years _____ (6). However, for the rest of the century it should be possible to make space flights _____ (7) or so. Any scientist or engineer needing to travel into orbit will simply take the _____ (8) Shuttle flight, stay as long as necessary, and then return at his or her _____ (9) . It is difficult to imagine the _____ (10) created by the Shuttle. One of the great advantages of having a _____ (11) space vehicle is that it can take one load after another into orbit. Very

large _____ (12) could not be launched in their complete form directly from Earth, but they could be built _____ (13) in space. The Space Shuttle is likely to be used as a general “workhorse” _____ (14) of this century, and the building of such stations in orbit should become _____ (15). Once these huge orbiting space stations are completed, they are likely to become the _____ (16) from which hundreds of robot space ships could be launched cheaply and easily to explore the _____ (17) and to start mining operations on the Moon. The technology needed for this is already _____ (18). And because of commercial and military pressures to develop space _____ (19), it is likely that governments will be increasingly willing to start _____ (20) of space engineering, exploration and research.
