Small as it may , our department takes pride in having close ties among the staff like a family. Let me introduce our staff , or shall I say , parents and brothers and sisters of the department ? Sitting at the center of the office is the head of our department , Mr. Wang. He is our boss , but he never bosses us around. He is a very thoughtful and paternal person who protects us like a parent. Across from Mr. Wangs desk are Mr. Shong , Mr. Wu , Mr. He , and Mr. Zhou , from right to left. They are the familys older brothers , so to speak , because of their long and outstanding career in this department. Sitting at the corner of the room are two lovely sisters of our family , Ms. Chen and Ms. Liu. They have all the staffs respect and trust for their dedication to work. So that is our department. We hope you will enjoy visiting with us.来源
