Barber : Would you care for a shave and a shampoo as well? George : No, thanks. A haircut will be just fine. Barber : All right. How do you like your hair cut? George : Dont cut it too short on the sides and the back. Just trim it a little. Barber : How about on top? George : You can thin the top out a little, but just a little. Barber : Very well. George : Say, my hair is kind of oily, and dandruff bothers me very much. Ive tried several shampoos in vain. Can you recommend me something effective? Barber : Well, have you tried Head And Shoulders? Its supposed to be good for the dandruff. George : Ill try it. Barber : And you can try Vidal Sassoons hair tonic. Its used after you wash your hair. Itll keep your hair clean-looking and oil-free. George : Ill try that, too. Thank you, barber. Barber : Its done. That will be five dollars and thirty cents. Vocabulary 注释 1 . Haircut n . 剪头发 2 .
