A mother and son are talking. S : I cant stand Dads snoring anymore , mom. I didnt sleep a wink last night. M : I understand. Neither did I. But what can we do ? S : I read in a magazine that theres some kind of laser which can cure snoring. M : I read that , too. But its pretty expensive. Besides , people who have tried it say its painful and could cause voice change. S : Oh , I didnt know that. I guess theres no hope then. M : Well , Ill talk to Dad about it. S : I hope he agrees to do it. Anyway , a voice change will do him a world of good. Have you heard him try to sniff lately ? M : Come to think of it , youre right. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
