34-year-old married man who died recently had no children. When he died , his wife was not pregnant , either. But now that hes dead , he has a chance of becoming a father. Hows that possible ? After a man dies , his sperm remains alive for some time. In this case , the woman asked doctors to remove the sperm from her husbands body and store it in a sperm bank. Now , she can have the baby that she has wanted for a long time. She says its as if her husband would come back to life again when the child is born. If that is so , wouldnt that make her husband her son ? 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
