Generation In the past , the children of Asia had very few choices. A son would usually follow in his fathers footsteps and do the same kind of job as his father. But now , young people have higher education which opens doors to new kinds of jobs. TV exposes kids to new ideas from other countries. So , the younger generations of Asians are doing things their parents never dreamed of. Theyre investing in stocks or dying their hair purple. Unfortunately , some are also getting into trouble with sex and drugs. Asian parents whose children are doing all this do have a reason to be worried. 100Test 下载频道开通，各类考试题目直接下载。详细请访问
