Dont Be a Fish out of Water Do you sometimes have a hard time understanding what Americans are talking about among themselves ? Do you want to know why ? The answer is , Americans are crazy about using slang. They tend to over do it , though. Otherwise , slang is fun to use. You should try it. And some slang is easy to understand. For example , if someone is "off the hook , " it means that he is no longer in trouble. The "hook" is a fish hook. If a fish is on the hook , of course , it is in trouble. If it is "off the hook , " then it is out of danger. Didnt we tell you slang is fun ? Besides , it should at least help you feel more at home and not like a fish out of water when you speak to Americans. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
