What ' s the real reason women get fat ? It ' s not chocolate or ice cream. According to a recent report , which was published in London , it ' s men ! A magazine suggested men have a special warning written on their foreh-eads : " I can make you fat ! " what do you think of that idea ? The report claims that when women fall in love , they tend to eat more. When they get married , they cook more. And when they get pregnant , of course , they gain weight. They blame it on men. So , girls , if you want to lose weight , you don ' t have to go on a diet : just dump your boyfriends ! 100Test
