Jenny and Andy are having a cup of coffee at a café。 J: Hey, Andy. Did you feel that earthquake yesterday? A: Sure. I was at work. Some of the women in the office felt dizzy and screamed. J: You know, the ground shook so violently that I was terrified. A: That sounds just like how a woman would feel. J: I guess we women should be brave like you, Huh? A: Of course!

(Jenny shakes the table with her leg.) Aaagh! Earthquake! Help! (He gets under the table.) J: Look at you ___ I was just playing. You're worse than a woman. You even sounded worse than the women at the office. A: Uh... I knew it was just a joke. I was only trying to scare you. J: Ha! I bet! 100Test 下载频道开通，
