Both Charlene and Robert are librarians. Charlene is from America and Robert is from Australia. Four days after they met face to face for the first time , they got married. "That was quick , " you might think. Actually , they had known each other for nine months before they met. Thanks to e-mail (electronic mail) , they had been corresponding with each other through their computers. It all started when Charlene came across Robert ' s note in her computer. She replied to it. From then on , they would not only get in touch but flirt with each other. That was how this "hi-tech" romance began. Sound interesting ? Well , if you ' re looking for a spouse , why not give it a try ? Who knows ? You might be just as lucky as Charlene and Robert. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
