DBMS   MIS

NOTES[1]ones
databases   [2]but   "   ……   "
[3]   "   …enables decision
makes to search"   " in order to"   that
questions   [4]needing special information
users   who
programer   when time permits   [5]as a
network of…   Developed…and integrated…
procedures   for the purpose…   to
support…   information   EXERCISES1   True
False   1   _____ A database is a collection of logically related
data elements   2   _____Most organizations have the same
model of an MIS   3   _____ The programs in a DBMS package
establish an interface between the database itself and the users of the
database   4   _____Database is a new thing   5   _____ A
file-oriented system can offer users a faster communications path
6   _____An organization can be divided vertically into different
specialities and functions   7   _____A DBMS is able to make
decision   8   _____A DBMS can give fast response to users
with special information needs   9   _____We can find complex
data relationships and linkages in the simplest database   10
_____Databases are commonly recorded on magnetizable media
2   Match the following terms to the appropriate definitions   1

_____Database management system DBMS 2 _____early database 3 _____a network of computer-based data processing procedures 4 _____Computer programs are required to perform the necessary storage and retrieval operattons 5 _____A software that can organize process and present Oselected data elements from the database 6 _____underlying MIS structure 7 _____complex organizational structure 8 _____decision making a a database consisting of internally and externally produced data b databasec The system software package that handles the difficult tasks associated with creating accessing and maintaining database records d To search probe and query database contents in order to extract answers to nonrecurring and unplanned questions e MISf DBMSg Data written on index cardsh combining the horizontal managerial levels with the vertical specialities key: 1 1 t 2 f 3 t 4 f 5 f 6 t 7 t 8 t 9 f 10 t2 1 c 2 g 3 e 4 b 5 f 6 a 7 h 8 d 100Test
