104_145618.htm Developer Certification FAQ version 1.0 1. How
do I start, are there books I should read? Yes read Complete Java
Certification Study Guide by RHE. Roberts Heller and Ernest.
Actually thats a biased opinion. But there are a number of
certification books out there that cover the SCJD. While they cover
the exam, they cannot explicitly write your assignment, therefore
they must come up with ways to teach you RMI or Swing so that you
can use it to complete your assignment. Having one of these books
should suffice in that goal. so having them all I feel is more a waste of
time. They are: Complete Java Certification Study Guide by RHE.

g 7. Why cant I upload my assignment? Everyone gets this error. The
first day you try to upload your assignment, you will get an error
saying that you dont have permission to upload the assignment.
Simply contact SUN-ED via email at who2contact@central.sun.com.
. By the next day you will be able to upload your assignment. 8. Sun
says it takes 4-6 weeks to grade my assignment, it has been over 6
weeks. What should I do? Up until about a month ago there was a
problem with the Essay exam not being uploaded to Sun. Sun has
worked with Prometrics to solve this problem, and has been getting
grades out very quickly. If you do have this problem, start by sending
an e-mail to who2contact@central.sun.com stating that you
completed the essay exam on your date, and that you think that the
testing site did not upload your answers. 100Test
