I believe the employer should serve employees not only by giving salaries , but also by providing opportunities for them to enjoy their life. In that respect , Our company has a great deal to offer. We have more than thirty activity groups organized by workers for athletic and recreational purposes. Among these groups are the Tennis Club , Basketball Club , Popular Music Club , Company Orchestra , Aerobics Club , and so on. Our tennis team is one of the best in the Shanghai area , and currently maintains a winning streak in the east of china District Tournament. Also , our company orchestra was established two years ago , and the members practice twice a week under the instructions by one of Shanghais best conductors. And for those of you who want to have a good sweat and slim down , we have an Aerobics Club. The club welcomes any body who wants to have a good work-out and slim down , male or female.来源：考试大
