Air-conditioning Installation Costs for East Hall. Date : 4.4.94 As you requested in your memo of March 15, we have studied the costs of installing air conditioning for the seven offices and two studio classrooms in East Hall ..... example.....` . Office and Classroom installation Estimates were obtained from three contractors on the costs of covering the offices and classrooms ..... 8..... The work would take about three weeks. Because the central unit would be installed on the roof, some noise problems might occur during a four-or five-day period.....9..... Sheet metal work to build out rest in the classes could be done on weekends , and the overtime labour costs of about \$1,500 have been included in the estimates. Arrangements were not made to do the office space installation on weekends ` ..... 10..... Additional Installation Because a larger installation, including a more powerful central unit, would be necessary to handle the halls and stairways ,an additional \$6 , 000 would be required for the equipment. ....11 ...  
... If this additional work were delayed until a later time, a new

central unit would be required along with changes in the pipe way ...  
...12..... Summary The total job for the building would be about \$  
35, 000 if done at one time. A two-stage installation would cost about  
\$55 ,000. I can get official bids at your request. Example: A A As you  
suggested, we also sought information on the additional cost of air
