填入所缺的词。 Thomas Edison was a 1 American scientist . When he was a child , he liked to find out how things 2 . In school he asked his teacher a lot of 3 which had nothing to do 4 his lessons . So his teacher thought he was not worth 5 . Soon he got very 6 in science . Once he thought out a good idea to make the room 7 to save his mothers eyes . When he was 15 , he saved a boy and he 8 to send 9 by railway telegraph from the boys father . Ever since then , he never stopped search for new and better 10 to do things . 录音原文：听短文，填入所缺的词。 Thomas Edison was a famous American scientist . When he was a child , he liked to find out how things worked . In school he asked his teacher a lot of questions which had nothing to do with his lessons . So his teacher thought he was not worth teaching . Soon he got very interested in science . Once he thought out a good idea to make the room bright to save his mothers eyes . When he was 15 , he saved a boy and he learned to send messages by railway telegraph from the boys father . Ever since then , he never stopped search for new and better ways to do things . 参考答案：1 . famous 2 . worked 3 . questions 4 . with 5 . teaching 6 . interested 7 . bright 8 . learned 9 . messages 10 . ways 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
