Today the forests have almost gone . A lot of good land has gone with them, leaving only sand . China doesnt want to copy the USAs example . Were planting more and more trees . Weve built the " Great Green Wall" of trees across northern part of our country . The Great Green Wall is 7,000 kilometres long, and between 400 and 1,700 kilometres wide . It will stop the wind from blowing the earth away . It will stop the sand from moving towards the rich farmland in the south . More "Great Green Walls" are needed . Trees must be grown all over the world
