几曰。 i celebrate it every year with my family and my friends.every year,i hold a little birthday party and invite my friends over. we chat and play a lot of games together. the best part of it is that i love the birthday cake and the gifts i get from my parents and my friends. i also get some money on my birthday.i can buy what i want with the money. i have great fun on my birthdays. but on the other hand, i also understand that i am 1 year older after each birthday. and that means i should be more responsible for myself and i should also my self-aware. i should understand more things and be less ignorant!fianlly, i should be thankful for my parents,i know they have done their best in raising me up.2My birtiday is on XXX. I always have both happy and sad feelings on my birthday. Why I am happy? I have group of friends that come over to celebrate with me. And they give me birthday presents, sometimes the gifts surprised me very much. Also, I can feel how much my family loves me because my parents always make a birthday cake for me. They do not go to buy one, but make one themselves. I feel so happy about that. However, I understand my mother was the one who suffered the most pain on the date I came to the world. I feel so sorry for my mother for what she had suffered. But I promise her, I will take good care of her when I have that ability. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
