The questions and incomplete answers are printed in your test paper. You should write your answer in your answer sheet correspondingly. Now the passage will begin.

Tina began to look for a new job. She went to the employment agency and filled out a form, but the agency was not able to find a place for her. Everyday she looked at the help wanted advertisements in the newspapers. She also talked to her friends about getting a job. But there was one big problem, most jobs required experience, and she had very little experience. Finally she got a job as a saleswoman at a supermarket near her house. She was able to walk there. The pay wasn't good, but it was nicer than working in a factory. She liked being a saleswoman at first. After a few months, however, she found the job boring. She thought there would be no

future for her to be a saleswoman. 11. Why did Tina come to the employment agency? 12. What did she do in the employment agency? 13. What was the problem with Tina? 14. What job did she get at a supermarket? 15. How did she feel about her new job a few months later? This is the end of the listening part. 答案与详解
