There are 20 blanks in the following passage. For each blank there are four choices marked A) , B) , C) and D) on the right side of the paper. You should choose the ONE that best fits into the passage.

Then mark the corresponding letter on the Answer Sheet with a single line through the centre. For the past two years, I have been working on students' evaluation of classroom teaching. I have kept a record of informal conversations with some 300 students from at least twenty-one colleges and universities. The students were generally direct and direct in their comments on how course work could be better. Most of their remarks were kindly - with tolerance rather than bitterness-and frequently were softened by the fact that the students were speaking to some, not all, instructors. Nevertheless, the following suggestions and comments indicate, students feel that things-as-they-are in the classroom. Professors should be free from reading lecture notes. "It makes their lectures monotonous (单调的)." If they are going to read, why not hand out copies of the lecture? Then we need to go to class. Professors should stop repeating in lectures material that is in the textbook. "Once we've read the material, we want to see it or hear it elaborated on, not repeated." "A lot of students hate to buy a text that the professor has written to have his lectures repeat it." 71. A) involving B) counting C) covering D) figuring 72. A) best B) least C) length D) large 73.
