Is a Test of Spoken English Necessary? [范文] A test of spoken English will be included as an optional (component of the College English Test (CET). Some people contend that it is absolutely necessary to hold a test of spoken English in China because we have been told many times that a Chinese student who has been learning English for years cannot communicate with a native English speaker. Sometimes even those top students who excel at grammar and writing skills find their English inadequate to express their thoughts freely when speaking. A test of spoken English will bring the importance of speaking English to the awareness of the college students, and thus help them with their communicating skills. On the other hand, there are also people who maintain that good reading and writing skills would be enough for the average English learners. College students are already under considerable pressure from their coursework. Another required test will only add to their burden. Also, some students may take the shortcut and only practice the questions according to the fixed format of the test, which

will not actually improve their spoken English. I believe that a test of spoken English will do more good than harm. Since China will continue its policy of opening and reform, the ability to speak fluent English is a must for anyone who wants to surpass others in a highly competitive society. Whether I take the test or not, I shall make all efforts to practice my spoken English in the rest years in college.
