(1) 可以做老板，成为企业家。这是自己的梦想 (2) 可以解决不少人的就业问题 (3) 可以贡献税收，为社会经济做贡献 [ 托福参看范文 ] Topic: 185 If I had enough money to buy either a house or a business, I'd buy a house. A business may succeed or fail. It's also possible I might change my mind about what I wanted to do in business. However, a home is a lifetime gift to myself. Right now I'm in a small apartment, with barely enough room for everything. All my furniture and the things I've accumulated since I left college barely fit. I have almost no closet space left. This means my clothes are always wrinkled because they're crushed together. I don't have any place to put my cleaning supplies, nor room for more than one set of sheets and towels. A new house would mean a lot more room for all these things. I love having plants around. It's very healthy for the air inside and it's cheerful to have living things growing in a room. Right now I have plants sitting on tables. This is the best I can do in an apartment. I'd like to have a garden instead. That way I could grow a lot of different kinds of plants and flowers, and I could have a vegetable garden in the summer. Besides having a garden, I'd

like to have a backyard with lots of trees and a small fountain in the corner. I love watching birds and listening to them sing. On the windowsill of my apartment, I put out bird seed every morning. In the hot weather, I put out a shallow tin plate with water in it for the birds. The trees and the fountain in my backyard would give me pleasure, but they'd really be for the birds. The trees would give them a place to nest, and the fountain would be a source of fresh water when it's hot. Can you picture my dream house? A business would only give me money. A house would give me someplace special to be myself. Topic: 185 I will purchase the big house so that I can live and work comfortably. The house nearby the beach is my whole life dream when I was young. The advantage of house is the shield of noisy without others, and is quiet and freely. First, The basic essential for the people is living. Living is vital for the family in the world. We can conclude that the house is the aim pursuing by the people. Some people prefers to purchase a house if he has enough money, and other people would like to purchase a business instead. Personally, I would prefer buying a house because I think it has more advantages. There more numerous reasons why I would like to purchase a house, and I would in here explain a few of the most important ones. The main reason is that it will make many benefits to our lives. If you purchase a house, you will have a quiet, fixed place to do your own business, for example, you can work at home, you can have a party with your friends or relatives in your house and so on. Another reason why I advocate the attitude of purchasing a house is that its convenient for us to relax ourselves. Nowadays, we all have to work hard almost every day and it will be beneficial for us to relax ourselves in our spare time. We can do many exercises or go out for entertainment. But if it happens to rain or snow, what should we do? We could enjoy ourselves also, if we have a house. Last but not least, its a requisite for a family. If you a married man, you have to be responsible to your family, your wife and your children. Basicly, its most important to provide enough space to your children to grow up. And do you agree that its helpful for your wife to cook in a larger kitchen? Of course, choosing purchasing a business also has advantages to some extent, for example, you can make yourself more

wealth and experienced. But if all these factors are contemplated, the advantages of purchasing a house carry more weight than those of purchasing a business. From what has been discussed above, we may finally draw the conclusion that if you purchase a house, your life will be rich and colorful. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 [www.100test.com](http://www.100test.com)
