Whether college faculty should also work outside academia, in professional work related to their academic fields, depends primarily on the specific academic area. 看到了吗？这就是"看门见山"的直陈式观点了。没有太多的扭扭捏捏，而且也不需要。 With respect to fields in which outside work is appropriate, I strongly agree with the statement. students and faculty all stand to gain in a variety of respects when a professor complements academic duties with real-world experience. 这一段要了解的一个词：stand to = begin to come to作者在首段就点明了"个别问题个别分析对待"，但是也不能忽视practical experience对academic world的重要作用。 As a threshold matter, the statement requires qualification in two respects.这一句可作为自己的开头句。 First, in certain academic areas there is no profession to speak of outside academia. This is especially true in the humanities. after all, what work outside academia is there for professors of literature or philosophy? Secondly, the statement fails to consider that in certain other academic areas a professors academic duties typically involve practical work of the sort that occurs outside academia. This is especially true in the fine and performing arts, where faculty actively

engage in the craft by demonstrating techniques and styles for their students. 在这一段里，作者就原文观点提出两点质疑，也就是：1.某些学科如文学和哲学式不需要与外界紧密联系的；2.但有些学科如表演艺术则要与真实实践相结合。作者暗示着具体问题具体分析，没有绝对化的界限。 Aside from these two qualifications, I strongly agree that it is worthwhile for college faculty to work outside academia in professional positions related to their field. There are three dear benefits of doing so. First, in my experience as a student, faculty who are actively engaged in their fields come to class with fresh insights and a contagious excitement about the subject at hand. Moreover, they bring to their students practical, real-world examples of the principles and theories discussed in textbooks, thereby sparking interest, and even motivating some students to pursue the field as a career. 作者联系自己的实际阐明纯理论与实践经验相结合的优势。这在美国可是司空见惯的，特别在一些名牌大学如哈佛的MBA个案分析课里，教授们几乎都是兼职于某某大型公司的CFO，CEO的。 Secondly, by keeping abreast with the changing demands of work as a professional, professors can help students who are serious about pursuing a career in that field to make more informed career decisions. The professor with field experience is better able to impart useful, up-to-date information about what work in the field entails, and even about the current job market. After all, college career-planning staff are neither equipped nor sufficiently experienced to provide such specific advice to students. 作者进一步指明有学术外工作经验的教授能够"与时俱进"，提供更新更

准确的招聘需求，这一点是学校里的就业指导老师们所不能比拟的。 A third benefit has to do with faculty research and publication in their areas of specialty. Experience in the field can help a professor ferret out (=find out) cutting- edge and controversial issues which might be appropriate subjects for research and publication. Moreover, practical experience can boost a professors credibility as an expert in the field. For example, each year a certain sociology professor at my college combined teaching with undercover work investigating various cults. Not only did the students benefit from the many interesting stories this professor had to tell about his experiences, the professors publications about cults catapulted him to international prominence as an expert on the subject, and justifiably so. 进一步阐述外界工作能够为教授们寻求研究题材找到灵感，甚至有利于个人声望的扩大。 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
