A person who is drawing up a will has exactly five potential heirs-S, T, U, V, and W. The estate will distribute exactly seven lots of land, which are numbered 1 through 7. All seven lots will be distributed, subject to the following restrictions: No lot is to be shared, and no heir can inherit more than three lots. Whoever inherits lot 2 cannot inherit any other lot. No heir can inherit both lot 3 and lot 4. If S inherits one or more lots, then U cannot inherit any. If S inherits lot 2, then T must inherit lot 4. W must inherit lot 6 but cannot inherit lot 3.

1. If S inherits lot 2, who must inherit lot 3? (A) S (B) T (C) U (D) V (E) W

2. If S inherits lot 2 and three heirs inherit two lots each, no one can inherit both lots (A) 1 and 3 (B) 1 and 6 (C) 1 and 7 (D) 4 and 5 (E) 6 and 7

3. If U and V inherit no lots, which of the following must inherit three lots? (A) S only (B) T only (C) W only (D) Both S and T (E) Both S and W
