Traffic is a perennial problem in Hongkong. Over the years many suggestions have been 1 to ease transport difficulties. These include from constructing wider roads and an underground railway 2 to staggering hours for schools to open and close. One official report pressed 3 for working hours to be spaced out to 4 congestion at 5 periods. In England and other countries this system is called staggering working hours because many business centers use it. It is 6 that greater working 7 can be achieved, employees are happier because they can arrange 8 personal working hours, buses and trains can be dispatched at suitable _9_, and so on. The idea of 10 working days follows on from staggering hour.
