于100test机经的作用和如何使用听力机经的评论和探讨一直不断，我们现摘发一篇网友文章，供参考。无忧提示：机经最大的作用是用于考前熟悉场景和掌握必备的词汇。发帖：梅亚 As we know,the "listening bible" is a quite hot topic here in the forum.Many people regard it as a powerful weapon to overcome the IELTS listening test.Others think that you have to be very careful to its misleading.I didnt know about it very much before.So I downloaded a 2005.11 edition last night and dipped into it to get a overlook of it.In my point of view,I agree with the second opinion,that is,you mustnt count too much on it,or you will be likely misleded!!!Every thing is changing.I noticed that those who think the "listening bible" is a powerful weapon are those who have already passed the IELTS exam several year ago.Say,19xx----2002.But nowadays,in fact,things have changed a lot!Along with the time passed year by year,the bible is becoming longer and longer.From a simple stuff,to a complex one,finally come into a terrible mess!!!By the way,never count on those mp3s recorded in the examing room.they are too noisy and will give you more faint than help!Those do need to be discarded right away. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
