I plan to learn computer science in the future. I am very interested in it. There are too many things that I don't know about computers. Also, computers play an important role in our life and are of great use in every field. I think the whole society will be computerized soon. I need more knowledge in this field to meet the great demands of the application of computers. If things go well, I like to further my study in computer science and I want to work on my Masters degree in Canada. 1) What's the most important skill nowadays? I think it is computer. Because computers play an important role in our life and are of great use in every field. 2) Are there any traditional skill in your country? what are they? Yes, such as sewing and weave cloth. I remembered that my grandmother used to sew clothes herself. But now, few people can do it. 3) Do you think it necessary to learn these skills? No, I just don't like to spend much time on sewing. Because we can buy all kinds of clothes in shop. 4) Is there any difference between your parents study and nowadays children? In the past, when our parents studied in school, educational conditions were very poor. But now, children are lucky enough because government provides much better facilities and staff. 5) Do schools teach non-academic courses? Yes, of course, such as music, physical education, and painting etc. 6) Should school responsible for teaching

these non-academic courses? Yes, of course. Because school should stress students moral , intellectual and physical development in a comprehensive way. 100Test 下载频道开通 , 各类考试题目直接下载。详细请访问 www.100test.com
