Think of a person in your family that is the most similar to you. Who is this person? How is he/she similar to you? What kind of family is yours? Is it of a typical family structure in China? My family is a typical family in China.

There are grandparents, parents, a brother, my wife and I in my family. I look just like my father. Medium build, pointed nose and dense black hair. My father is very kind and easy going. His love is the most selfless love. I am lucky enough because I have a good father.

My father has been specially thirsty for knowledge as he had only a few years of schooling himself. He believes that knowledge can change fate. So, my father offers more opportunity for me to study (no matter how poor my family was) To sum up, my family is harmonious and our life is very happy.

1) What do you think are the differences between families in the past and today, and what have caused these changes? In the past, there were several children in a family. But now, the government has introduced "one-child policy" to limit the size of the family.

So, there is only one child in a family. Couples will be punished financially if they have more than one child. This is "one-child policy".

2) What is your opinion of "one-child policy"? I agree with one-child policy. Because it is difficult to provide enough food and education for a large number of people. So, government must control the population.

Also, it is the best way that we can find to control population.

3) What has your government done to support

families?Such as Project Hope . It means that government supports the students in poor families to continue their schooling and improving their education conditions.(6/1999 P10) In addition, our government establishes a nursing home to provide services for old people who have more difficulties or no families to take care of them.
