mins The word is that the Backstreet Boys are taking the world by storm. Over the past years the boys from the USA have been captured on film and now you can have a special look at them. See behind the scenes. Find out what makes them the band and look at the videos they ' ve made so far. So here are Kevin Richardson and Brain Littrell. Kevin Richardson: Music ' s always been a big part of my family. I started in a church just singing hymns (圣歌). I always loved singing them. It was just something that came easily. Brain Littrell: I would have to say I was around three or four when I started singing then taking it seriously probably at five or six. I was standing up in front of the audience in a church and singing in front of three thousand people. So it was a lot of fun. It was just a gift and I enjoyed it. We recorded our first song " We ' ve Got It Going On " . We had it going on actually in Stockholm, Sweden. That was an experience for us. I guess you would say that is because Ace of Base is pretty big in the State as well as in Europe. That was an experience for us because it seemed we didn ' t have the opportunity for him to come to us, we had to go to him and it turned out to be, you know, " We ' ve Got It Going On " . Um, there ' s a place in Orlando, called the Backstreet Market. And it

used to be a popular place for the teens, tourists and the locals. It was just a hangout. So we took Backstreet and added BoysBackstreet Boys. 100Test 下载频道开通，各类考试题目直接下载。详细请访问 www.100test.com
